ANC 3C Resolution No. 2015-035
Regarding HPRB Application for Permit Review for Replacement of
Roof for 3704 Quebec Street NW

WHEREAS the owners of a residence at 3704 Quebec street NW, a contributing house within the Cleveland Park Historic District, have filed for permit review at the DC Historic Preservation Review Board (“HPRB”); and

WHEREAS the original roof of the house was composed of slate,

And WHEREAS, the current roof, which has been on the house for more than twenty years, is composed of asphalt shingles:

THEREFORE, BE IT RESOLVED that ANC 3C urges HPRB to work with the homeowners to consider restoring the roof to its original materials by replacing the current asphalt shingles with a slate roof; and

BE IT RESOLVED that ANC 3C also urges HPO to highlight on its website and alert all DC historic district organizations that maintaining or restoring original roof on contributing structures is a primary focus of the HPRB and homeowners should be aware that any proposed permits for roof work will be strictly reviewed with that as the goal.

BE IT RESOLVED that the Chair and Commissioner representing ANC3C05 are authorized to represent the commission on this matter.
