ANC3C Resolution 2018-041
Regarding a Speed Camera on Massachusetts Avenue NW between Idaho Avenue and Macomb Street

Whereas, the problem of speeding on Massachusetts Avenue between Idaho Avenue and Ward Circle is chronic and increasingly dangerous for pedestrians and other motorists, especially during peak morning, afternoon, and evening hours;

Whereas MPD and DDOT have placed a hawk signal at the intersection of Massachusetts Avenue and Macomb Street to increase pedestrian visibility and safety;

Whereas MPD has conveyed that there are speeding concerns on Mass. Ave. corridor that will not be addressed by the hawk signal as evidenced by a traffic study;

Whereas new dormitories at American University, a fully functioning division of Homeland Security within two blocks of the location, and construction truck traffic have increased traffic on the Massachusetts Avenue Corridor;

Whereas, the distance between traffic signals and the slope of Mass. Ave. encourage excessive speeds;

Whereas residents of the 3900 block of Massachusetts Avenue have brought this issue to the attention of ANC 3C and have written a letter to request the speeding camera on the Westbound side of Massachusetts Avenue south of the intersection of Massachusetts Avenue and Idaho Avenue to slow down vehicles as they reach Macomb Street;

Therefore, Be It Resolved that ANC 3C supports and seeks DDOT and MPD to expeditiously implement the placement of a speeding camera, necessary for public safety, on Massachusetts Avenue close to or at the intersection of Massachusetts Avenue and Idaho Avenue on the Westbound side of the 3900 block, or in a location that DDOT and MPD believe will deter speeding between Idaho Avenue and Ward Circle.

FURTHER, BE IT RESOLVED that the Chair and Commissioner for ANC3C07 or their designees are authorized to represent the Commission in this matter.
