Speaker registration at each hearing is on-site only and closes at the close of the hearing or 9 p.m., whichever comes first.

Please note that these dates are subject to WMATA's inclement weather cancellation policy.

In the event of a cancellation, WMATA's will post information about a new hearing on wmata.com.

For more information please visit www.wmata.com/budget.

The locations for all Metro public hearings are wheelchair accessible. Any individual who requires special assistance or additional accommodation to participate in public hearings, or requires these materials in an alternate format, should contact the Office of the Secretary at (202) 962-2511 or: TTY (202) 962-2033 as soon as possible in order for Metro to make necessary arrangements. For language assistance, such as an interpreter or information in another language, please call (202) 962-2582 as soon as possible prior to the public hearing date.

In accordance with Section 62 of the WMATA Compact, Metro will conduct public hearings at the locations listed in this notice. Information on the hearings will be provided in Metrorail stations, on all Metrobuses and MetroAccess vehicles, at area libraries and online at wmata.com/budget.

HOW TO REGISTER TO SPEAK – All organizations or individuals desiring to be heard with respect to this docket will be afforded the opportunity to present their views, make supporting statements and to offer alternative proposals. Public officials will be allowed five minutes each to make their presentations. All others will be allowed three minutes each. Relinquishing of time by one speaker to another will not be permitted.

There will be no advance registration to speak. Those wishing to provide oral testimony will sign up to speak at the hearing, will be called to testify in the order they sign up, and can sign up to speak at any time prior to the close of the hearing or 9 p.m., whichever comes first. Elected public officials will be allowed to provide their testimony as soon as feasible after their registration. If you will not be able to stay to provide your testimony orally when your name is called, staff will help you to submit your comments into the public record.

Please note that all comments received are releasable to the public upon request, and may be posted on WMATA's website, without change, including any personal information provided.

HOW TO SUBMIT TESTIMONY NOT AT THE PUBLIC HEARING – Testimony about this proposal may be submitted online via a survey at wmata.com/budget. The survey will open by 9 a.m. on Saturday, February 8, 2020 and will close at 5 p.m. on Monday, March

2, 2020. The survey will also provide the opportunity to submit freeform comments. This is in addition to your ability to speak at a public hearing. For those without access to computers or internet, testimony may also be mailed to the Office of the Board Secretary, Washington Metropolitan Area Transit Authority, 600 Fifth Street NW, Washington, DC 20001. All comments must be received by 5 p.m. on Monday, March 2, 2020 to be included in the public record.

The comments received by the Office of the Board Secretary, along with the survey results and public hearing comments, will be presented to the Board and will be part of the official public hearing record. Please note all statements are releasable to the public upon request, and may be posted on WMATA's website, without change, including any personal information provided.

Copies of the docket in its entirety can be requested from Metro's Office of the Board Secretary by calling (202) 962-2511 or may also be reviewed in an area available for inspection during normal business hours at Metro's Headquarters at 600 Fifth Street, NW, Washington, DC 20001. Please call (202) 962-2511 in advance to schedule an appointment.

The WMATA Board of Directors has authorized the FY2021 Budget public hearing, as required by the WMATA Compact and the Federal Transit Administration (FTA). The proposed fare adjustments, service changes, and capital program (including the proposed use of FTA and other federal grant funds) for FY2021 are described in detail in the attached dockets. For the service and fare changes, these proposals represent the maximum changes that the Board may adopt as part of the FY2021 budget. The Board may ultimately choose to authorize lesser changes, or no changes at all.

PROPOSAL FOR DOCKET B20-01: Proposed FY2021 Capital Improvement Program and Federal FY2020 Grant Applications

Overview

The proposed FY2021 capital budget of \$1.8 billion and six-year capital plan of \$9.7 billion include investment in ongoing projects, prioritized system preservation and renewal needs from the Capital Needs Forecast and asset management and reliability plans. Over the past four years, Metro has spent \$5 billion on capital investments. Capital delivery exceeded annual investment goals in FY2019 with actual capital spending of \$1.5 billion. This was 99% of the FY2019 budgeted amount and represents the third year that Metro has exceeded the target of 95% for capital funds invested.

Capital program publications detail the following:

- Capital Needs Forecast identifying a total of \$22.5 billion in investment needs unconstrained by cost or execution capacity.
- Capital Program Strategy outlining the vision and goals for capital investments.

- 10-Year Capital Plan projecting \$18.0 billion in investments constrained by delivery capacity for major projects. (Note: Due to delivery capacity constraint, there are potentially significant investment needs beyond the 10-year planning horizon.)
- Six-year Capital Improvement Program of \$9.7 billion and a FY2021 capital budget of \$1.8 billion with a list of priority projects and programs constrained by affordability and delivery capacity.

Major capital program investments to further improve service and customer experience include:

- **Customer Facilities & Experience.** Major investments include station systems improvements, station infrastructure upgrades, and bus station and terminal upgrades.
- **Vehicles.** Moving our riders with modern vehicles is an investment focus with railcar acquisition, railcar safety and reliability, as well as investments in bus and paratransit vehicle acquisition and rehabilitation.
- **Infrastructure, Systems & Support Facilities.** Supporting our network with activities to provide safe, reliable service includes major investments in track and structures, rail systems, bus garage replacement, and business support through office consolidation and information technology investments.

The six-year plan includes reimbursable projects such as the Silver Line, the Potomac Yard infill station, and the Purple Line.

Federal Support for the Capital Improvement Plan (CIP)

The proposed FY2021-2026 CIP includes funding from various Federal Transit Administration (FTA) programs including the Urbanized Area Formula Program (49 U.S.C. 5307, or "Section 5307"). FTA requires that recipients of Section 5307 grant funding annually conduct a public hearing of the grant funded projects, therefore a public hearing on the proposed FY2021 capital program is required.

WMATA intends to apply for Federal Fiscal Year 2020 grants under the Fixing America's Surface Transportation (FAST) Act and the Further Consolidated Appropriations Act, 2020 (H.R. 1865) to support ongoing capital investments. These applications will be filed under the provisions of FAST (P.L. 114-94) and PRIIA (P.L. 110-432).

The FTA apportions funds to the Washington DC Metropolitan Region under the FAST Act, and this regional funding is distributed between WMATA, the Potomac and Rappahannock Transportation Commission (PRTC), and the Maryland Transit Administration (MTA) subject to a pre-existing agreement. In Federal FY2019, the region was apportioned \$382 million and under the agreement WMATA received approximately 86 percent of the total FTA formula funding for the region. The FTA has not yet announced the regional apportionment for Federal FY2020, but if funding remains consistent with the prior year WMATA's share will be approximately \$328 million. With the addition of \$4 million in federal funding from the Northern Virginia Transportation Authority (NVTA), planned federal grant support totals \$332 million.

Additionally, WMATA estimates \$148.5 million will be available to the agency through a direct federal grant, provided under the Further Consolidated Appropriations Act for Federal FY 2020 (Public Law No: 116-94). This extends for Federal FY 2020 the funding partnership between the federal government and the District of Columbia, Maryland, and Virginia, which has been in effect since 2009, and provides critical resources to WMATA for safety improvements, railcar purchases, and other important state of good repair investments.

In accordance with Board policy, WMATA intends to apply for these grant funds within four weeks of the Board's adoption of the capital budget, which is currently scheduled for April 2020. WMATA also intends to submit the final Program of Projects to the National Capital Region Transportation Planning Board (TPB) as input to the updated Transportation Improvement Program (TIP) for the Washington metropolitan area. Additional public involvement in the planning and programming of capital funds occurs through the TPB, the designated Metropolitan Planning Organization (MPO) for the Washington region. The TPB holds forums for public review and comment on the TIP. These forums cover not only funding, but also critical regional issues regarding air quality conformity, land use coordination, and investments to address future population and employment growth.

WMATA PROPOSAL FOR DOCKET B20-02: Proposed FY2021 Operating Budget and Related Service and Fare Proposals

Overview

WMATA's proposed FY2021 operating budget totals \$2.09 billion. It includes a base operating budget that is within the mandated three percent subsidy growth cap plus costs that are excluded per the legislation. The total subsidy is \$1.28 billion.

Within the cap, the proposed budget includes:

- Initiatives to further improve service and the customer experience
- Increasing non-fare revenue to help minimize increase to customer fares and reductions to service levels
- Enhancing fare options to drive ridership
- Establishes an Extra Services Fund to support unplanned and unfunded events of regional significance

Above the mandated three percent subsidy growth cap, the proposed budget includes legislatively excluded initiatives which require \$124 million in jurisdictional subsidy to fund Silver Line Phase 2 mobilization and revenue service, as well as federal mandates for safety and paratransit services.

The FY2021 operating budget is summarized in the table on the next page:

	FY2020 Budget	Base	Exclusions	Total	Change \$	%
Revenue						
Passenger Revenue	\$723	\$701	\$5 ^A	\$706	(\$18)	-2%
Other Revenue	\$91	\$101	\$0	\$101	\$10	11%

SERVICE PROPOSALS FOR PUBLIC INPUT AND CONSIDERATION

The FY2021 proposed budget adds Metrorail late night hours to keep Metro open later and increases the frequency of trains on Sundays. The proposal also makes targeted improvements to weekday and weekend service on Metrobus to grow ridership, improve customer experience, and strengthen Metro to better serve the region. To balance the budget, the proposals include service reductions and consolidations for efficiency and effectiveness. Proposed service reductions were selected to minimize customer impact, eliminating service only where there was very low ridership or service was redundant.

Additional service proposals include eliminating late night Bus Lifeline service if Metrorail late night hours are expanded. Specific Metrorail and Metrobus service changes include:

Proposed Metrorail Service Changes

1 Better Weekend Metrorail Service: Operate Saturday Headways on Sundays

Reduce Orange/Silver/Yellow/Green/Blue Line Sunday daytime headway from 15 minutes to 12 minutes. Reduce Red Line Sunday daytime headways from 8 minutes to 6 minutes.

2 Restore Rail Late Night Hours: Add Four Hours of Service Per Week

Trains would operate an additional four hours per week; staying open 30 additional minutes Monday through Thursday (until midnight) and one additional hour on Fridays and Saturdays (until 2:00 a.m.).

3 Weekday Early Morning Right-sizing: Widen Weekday Headway before 6 a.m.

Increase Weekday headways on all Lines before 6:00 a.m. from 8 minutes to 12 minutes.

Proposed Metrobus Service Changes

1. Better Weekend Metrobus Service

Bus service frequency would be improved in two ways: first, Sunday frequency would improve to match current Saturday service on seven bus lines and second, Saturday and Sunday frequencies would increase on seven bus lines.

2. Improve MetroExtra Service

The proposal improves service by extending the hours on four MetroExtra routes and improving service frequency on one route.

3. Efficiencies and Restructurings

A. Service Adjustments and Eliminations for Redundancy

The proposal reduces or eliminates routes where other transit service is available and, in some cases, adds service to supplement remaining routes. Route reductions or eliminations may require customers to transfer to another bus or Metrorail to complete their trip.

B. Service Elimination for Low Ridership

The proposal eliminates service with low utilization. In some cases, customers may no longer have transit options available to make their trip. Customers may have the option to use park-and-ride lots with bus service, or Metrorail stations with available parking capacity, generally within a relatively short driving distance. In other cases, alternative transit service exists along parallel or intersecting corridors, though customers will travel farther to reach stops and make transfers to complete their trip.

C. Service Restructuring for Efficiency and Effectiveness

The proposal combines services to streamline routes and make service simpler, and easier to understand. This proposal creates a stronger network of services with fewer route branches and variations and better utilizes capacity.

4. Elimination of Bus Lifeline Service

Metro increased late night bus service in June 2017 to mitigate impacts from closing the Metrorail system at an earlier hour. With the FY2021 proposed increase to late night hours in the Metrorail system, Bus Lifeline Service as listed may be eliminated if the proposed Metrorail late night hours are adopted.

5. MetroAccess Service Changes

The MetroAccess service area will not be impacted by any of the proposed Metrobus service changes or route eliminations and remain as is until December 31, 2020, at which time it may change based on a review of (a) available fixed route service, (b) the availability of subsidized alternatives to the MetroAccess service, and (c) demand for paratransit service.

FARE PROPOSALS FOR PUBLIC INPUT AND CONSIDERATION

Overview

Metro's policies, with respect to fares, are contained in Resolution 2007-47, which recommends biennial adjustments linked to inflation, and Resolution 2010-66, which identifies seven policy principles to guide Metro's Board in decision-making on fares. The last of those seven principles stresses the importance of revenue adequacy and ridership maximization.

Metro last raised fares in July 2017 as part of the FY2018 budget. The GM/CEO has proposed several fare changes in FY2021 to promote better bus and rail integration, additional fare simplification, and ridership growth.

To promote customer adoption of passes and operating efficiency, no increases are proposed to pass prices. In addition, MetroAccess (paratransit) fares would remain at twice the fastest comparable fixed-route fare, with the maximum MetroAccess fare remaining at \$6.50.

The proposed changes include both fare reductions and increases to improve Metro's fare competitiveness, grow ridership and encourage purchases of pass products and simplify fares.

Specific fare adjustments include:

Fares

Metrorail

- Raise base peak fares by \$0.25 from \$2.25 to \$2.50 (Not applicable with passes, Monthly Unlimited Pass to be calculated using FY 2020 fare rates)
- Eliminate tiered mileage charges
 - During peak period charge a flat \$0.326 per mile after 3.0 miles
 - During off-peak period charge a flat \$0.216 per mile after 3.0 miles
- Raise maximum peak fare \$1.00 from \$6.00 to \$7.00
- Raise maximum Senior/Disabled peak fare \$.50 from \$3.00 to \$3.50
- Reduce maximum Senior/Disabled off-peak fare from \$3.00 to \$1.90
- Implement a \$2.75 weekend flat fare on Metrorail
- Implement a \$1.35 Senior/Disabled weekend flat fare on Metrorail
- Charge peak fares after midnight
- Create new pass products:
 - 1-day Short-trip pass at a price of \$8.00
 - 3-day Short-trip pass at a price of \$18.00
 - 1-day Senior/Disabled Short-trip pass at a price of \$4.00
 - 3-day Senior/Disabled Short-trip pass at a price of \$9.00
 - or
 - 1-day Weekend pass at a price of \$6.00
 - 2-day Weekend pass at a price of \$10.00

- 1-day Senior/Disabled Weekend pass at a price of \$3.00
- 2-day Senior/Disabled Weekend pass at a price of \$5.00
- Implement Rail Surcharge of \$1.00 and apply at Dulles Station entries and exits (Not applicable with passes)

Metrobus

- Increase MetroExtra fare by \$1.00
- Increase Senior/Disabled MetroExtra fare by \$.50
- Create a \$0.25 surcharge for cash transactions on Metrobus, including senior/disabled cash transactions
 - Regular fare without SmarTrip would be \$2.25
 - Senior/Disabled Regular fare without SmarTrip® would be \$1.25
 - Express bus fare without SmarTrip® would be \$4.50
 - Senior/Disabled Express bus fares without SmarTrip® would be \$2.35
 - Airport Express route fare without SmarTrip® would be \$7.75
 - Senior/Disabled Airport Express route fare without SmarTrip® would be \$4.00
