The motion was approved by voice vote.

### **Commission Business:**

#### ***1. Consideration of Historic Preservation Review Board application for 3616 Ordway Street NW for a 2-story addition to 1 1/2 story bungalow, and dormer addition***

Architect Seth Ballard presented further information. Several members of the community made comments. Commissioner MacWood read and moved the resolution. Commissioner Finley proposed an amendment. The amendment was approved by voice vote. The amended resolution was approved by voice vote.

### **Other Business:**

1. Secretary's Report: Commissioner Reba moved approval of the September 21, 2020 minutes. The motion was approved by voice vote.
2. Treasurer's Report: Commissioner Boucher postponed until November 2020 public meeting.
3. SMD Reports:
  - A. Commissioner Reba met with the Ward 3 Liaison about issues trash on Connecticut Avenue around the Zoo. He is also addressing light outages on Connecticut Avenue. 2735 Connecticut Avenue should be on November Public Space meeting agenda and our meeting hopefully as well. Please try and help local businesses as you can, especially restaurants who are struggling. The Marilyn Monroe statute unveiling event was a great event and Commissioner Fink can talk more about it.
  - B. Commissioner Fink - none
  - C. Commissioner Dubois - none
  - D. Commissioner Finley said that School of Rock is open. 3321 Bistro is working hard to renovate.
  - E. Commissioner Boucher said that there was a supposed Water Main Break at Macomb and Idaho; but residents were never given information other than not to drink the water. DC Water did not give much information, which is unusual and she's trying to get to the bottom of the issue. There was recently a head on collision at Massachusetts Avenue and Macomb Street. There continues to be lots of issues at that location, so she is trying to get DDOT to put a temporary speed camera there to help.
  - F. Commissioner Gersten said that she continues to work with many neighborhood groups to get streets, sidewalks, and alleys in her SMD repaired.
  - G. Commissioner MacWood said that the 3500 block of Woodley Street will have utility work done, starting this week 930am-330pm, and there will be a disruption in traffic for the next month. Sidewalk repairs have been happening. DDOT has been getting them done and she's very appreciative. She filed a Department of General Services FOIA on the stopped work of the

Ward 3 pool and waiting to hear back. Since the Ward 3 Shelter has opened it has placed 28 families, which is more than most of the other shelters.

**Adjournment:**

Commissioner Dubois moved to adjourn the meeting. The motion was approved by voice vote. The meeting adjourned at 8:31 p.m.
