ANC3C Resolution 2021-CONSENT
Requesting Installation of Speed Humps on the 3000 to 3200 Blocks of Rodman Street NW

Whereas, the 3000 to 3200 Blocks of Rodman St. NW connect Connecticut Ave NW to Reno Road NW and are designated as “Local” by the District of Columbia, Department of Transportation (DDOT); and

Whereas, traffic on these blocks is exacerbated due to the road being an offshoot of highly trafficked Connecticut Ave NW and main road Reno Road NW; and

Whereas, the affected area raises numerous safety concerns within a residential area, including speeding and aggressive driving; and

Whereas, between 2015 to 2020, there were 8 crashes reported on the 3000 to 3200 Blocks of Rodman St. NW; and

Whereas, these blocks were designated as “Slow Streets” under the now discontinued slow streets program by DDOT; and

Whereas, 19 residents have expressed support of this traffic study to install speed humps; and
Whereas, Commissioner Sauleh Siddiqui has submitted a 311 request with number 21-00215199; and

Whereas, the affected area is residential with significant pedestrian and bicycle traffic, including children and seniors, who are more vulnerable to traffic injuries and fatalities.

Be It Resolved that ANC 3C calls on the District Department of Transportation to timely collect data and complete its review of the outstanding requests related to traffic safety issues along the 3000 to 3200 Blocks of Rodman Street NW.

Be it further Resolved that ANC 3C recognizes the community support for speed humps along the 3000 to 3200 Blocks of Rodman Street NW, and calls on the District Department of Transportation to promptly install speed humps along this street.

Be it further Resolved that ANC 3C urges DDOT to complete all requested safety studies in ANC 3C, including the 2018 request for Lowell St., NW.

Be It Resolved that the ANC authorizes the Chair and the Commissioner for 3C05 to represent the Commission on this matter.
