

ANC3C Letter Requesting DDOT Restrict Large Trucks and Buses on the 2700 Blocks of Macomb and Ordway Streets NW and install “No Through Trucks and Buses” signs on those streets

This letter serves as a request to the District Department of Transportation (DDOT) to restrict large trucks and buses longer than 22 feet on the 2700 Blocks of Macomb and Ordway Streets NW and install “No Through Trucks and Buses” signs on those streets.

The 2700 Blocks of Macomb and Ordway Streets NW are designated as “local” by the District Department of Transportation. Large commercial trucks and buses should be restricted on these streets. However, large commercial trucks and buses are frequently turning into these streets and getting stuck because of narrow corners as shown in the photos below.

We request DDOT restrict large trucks and buses on 2700 Blocks of Macomb and Ordway Streets NW and install “No Through Trucks and Buses” signs on those streets. We understand some truck access to the alley and streets would be needed for local deliveries, but this should not be a truck thoroughfare as it is currently treated.

At a regularly scheduled and properly noticed public meeting on October 23, 2023 with a quorum present, a quorum being five commissioners, Advisory Neighborhood Commission (ANC) 3C approved these written comments by voice vote.
