ANC3C Resolution 2023-CONSENT
Resolution Requesting a Capital Bikeshare Station at the Intersection of
Calvert Street NW and 28th Street NW

WHEREAS the [Sustainable DC Plan](#) seeks to reduce reliance on automobiles and to expand provision of safe, secure infrastructure for cyclists and pedestrians, with the goal of growing the Capital Bikeshare program so that 75% of District residents have access to a station within a quarter mile of their home;

WHEREAS many ANC 3C residents are nearly one mile away from the nearest Capital Bikeshare station;

WHEREAS despite its proximity to two metro stations, retail corridors, and a popular bike lane, ANC3C has only one Capital Bikeshare station that is near a metro (at Woodley Park metro);

WHEREAS ridership from existing Capital Bikeshare stations such as at Connecticut and Macomb, 3000 Connecticut/National Zoo and Woodley Park Metro has been strong, with bikes often unavailable due to high usage;

WHEREAS ANC 3C needs more Capital Bikeshare stations to satisfy existing and anticipated further growth in demand and the aforementioned Sustainable DC Plan;

WHEREAS the District has made progress on this front, as recent U.S. census data indicates that the percentage of District of Columbia residents who bike to work tripled from 2006 to 2016, placing the District in second place on the list of top biking cities in the U.S., behind only Portland Oregon;

WHEREAS Capital Bikeshare has become an integral part of the transportation system of Washington DC, recording a record 428,000 rides in the month of May 2023, with more than 5,000 bicycles including 850 e-bikes in circulation at more than 700 stations across six jurisdictions in the metro area;

WHEREAS Capital Bikeshare promotes transportation equity by offering an unlimited pass for just \$9 per month (and only \$5 per year for qualifying low-income residents);

WHEREAS the cost for a comparable monthly bikeshare pass in cities of a similar size and population such as Boston and San Francisco are much higher, at \$29 per month;

WHEREAS in 2021 the District announced a \$19 million Bikeshare expansion plan to add 80 stations and 2,500 electric bikes;

WHEREAS the Wardman Park Redevelopment will bring around 900+ new residents to the Woodley Park area;

WHEREAS Carmel Partners, the owner of the Wardman Hotel site is obligated to pay for and install two new Capital Bikeshare locations;

WHEREAS At the site there is currently an underused bicycle storage rack, the rack is surrounded by apartment complexes that all ready offer on-site bike storage;

WHEREAS Calvert Street NW will soon be getting protected bike lanes.

THEREFORE BE IT RESOLVED that ANC 3C supports a proposal to add a Capital Bikeshare station on the south side of Calvert Street NW at the intersection with 28th Street NW;

BE IT RESOLVED that the ANC authorizes the Chair and the Commissioner for 3C02 to represent the Commission on this matter.
